WE NEVER LOSE CONTROL

movitruck
BATTERY POWERED VEHICLE MOVERS

movitruck

BATTERY POWERED VEHICLE MOVERS

Movitruck are compact vehicle movers ideal for production lines, car dealers, mechanics, garages, or closed environments where it's highly unadvised to emit exhaust gases for safety reasons, but also to avoid energy waste and lower energy costs. They reduce risks for the operator according to the Technical Standards ISO 11228 "Ergonomics Manual Handling".

Movitruck vehicle movers improve the productivity and increase the safety level as they allow the operator to manoeuvre effortlessly and safely trucks, cars, vans of different sizes and weights.

All our products are manufactured and assembled on site at Renova. For this reason we are able to quickly work on customized projects at competitive prices.

Send us your application requirements and we will work with you to find the model that suits your needs.
